

About The Range

Curves, curves, and more curves. While Carmen's sculptural silhouette makes an immediate impression, it's the hidden functionality that truly sets Carmen apart. Discreetly integrated moveable backrests glide forward and backward, allowing you to customise the seat depth to suit the moment. Sit upright with the backrest forward or slide it back to create a deeper seat perfect for stretching out, curling up, and unwinding in complete comfort. With its softly curved chaise completing the silhouette, Carmen delivers a lounge-worthy look that feels as inviting as it looks.

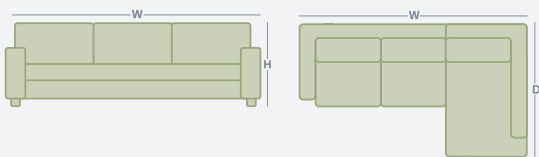

Product Range

		WIDTH	DEPTH	HEIGHT
	3 Seater w/ Chaise LHF & Adj Back	2890mm	1070mm - 1810mm	800mm
	3 Seater w/ Chaise RHF & Adj Back	2890mm	1070mm - 1810mm	800mm

How to measure

Get accurate measurements by referring to the below.

*Please note: variations in dimensions and appearance can occur due to construction differences in upholstery covering (fabric & leather). Measurements should be used as a guide only. Icons above are for demonstration purposes and are not a replica of the actual product.
